

Graduate Student Web information Template

Directions:

- Fill out the form below (this is a Word document).
- Where there is sample information already in the document, replace that with your own information (name, school for B.A. etc)
- Where the question does not apply to you, delete sample information (ie school for M.A. if you do not have an M.A.)
- Only list your phone number and/or email address if you want it to go on the web page
- Under “Research Interests” list the title of your thesis (or non-thesis paper) and your dissertation. If you do not yet have a title, just offer a brief description of your interests. After the titles you can add a further discussion (brief) of your interests.
- For all of the other categories (grants, conference presentations etc) only fill them out where they apply. Otherwise, delete the categories.
- If you would like to include a photograph on your web (which would be great), send an electronic version in along with your form.
- When you have completed your form email to Jessica Harland-Jacobs, web tsar, at harlandj@history.ufl.edu. **Please also copy your email to gallmanm@history.ufl.edu so I can keep track of how we are doing.**
